Greater Connellsville became an assured fact by an overwhelming vote which was cast in Connellsville and New Haven yesterday. The vote in Connellsville was nearly unanimous while in the borough across the Youghiogheny the voters registered themselves in favor of Consolidation by a vote of almost two to one. It was a great victory for the forces of Consolidation.

Although there were rumors that schemes had been laid in Connellsville to kill the movement, this proved incorrect. There is no indication from the returns that there was the slightest organized effort in any ward to defeat the movement on this side of the river.

A good many votes were lost for the movement in Connellsville early in the day because the voters overlooked the matter.

James S. Darr of the First Ward was one enthusiast who forgot to vote for the movement and immediately after discovering his mistake he made a rush for posters warning voters not to overlook the matter. These cards were posted about the polling places in all the wards. They had a good effect and called attention of scores of voters to the question when it might have been overlooked. The various election boards also instructed the voters in regard to the matter.

Over in New Haven Jasper Johnson, a staunch Consolidationist, voted early in the day and forgot to mark his ticket for the movement. But this had a fatal effect upon the other voters and resulted in much good Johnson told his troubles to all, and the others were careful not to overlook the matter.

The New Haven Consolidationists were at the polls when they opened and remained throughout the day. Their influence was too great for the opposition to overcome and early in the day it became evident that efforts to defeat the movement were futile. Only during the afternoon did the opposition show any gains but by that time the Consolidation advocates were so far ahead they did not worry. At no time after the first hour or so was there any doubt as to the outcome, the only question being the size of the majority. It was variously predicted that Consolidation would win from a narrow margin to a four to one vote, but even those who predicted 2 to 1, which was nearly the correct estimate, were fearful that they had overestimated their strength.

Fears were removed, however, when Cooper Patterson admitted defeat in the afternoon. Mr. Patterson was opposed to the movement and was the only real worker against it. The opposition of the others was a negative quantity.

The result in New Haven was the result of eternal alliance and a strenuous campaign. When the movement first started the opposition was overwhelming, but the arguments of those in favor of it were unanswerable, and in lack of any logical reply from the opposition, the movement caused the tide to turn slowly but surely towards Consolidation. Two days before election saw several former opponents lined up with the movement while election day brought enough in line to make the outcome practically safe for uniting the two towns. The voters of the little borough across the Yough saw the wisdom of the old motto "In Union There Is Strength" and voted accordingly.

New Haven also elected progressive men to the borough offices this spring and that portion of Greater Connellsville will be ably represented

ed in the new Town Council. The Consolidationists today are enthusiastic over the returns and the splendid vote rolled up for it in Connellsville is ample evidence that the new territory will be welcomed with open arms into the greater city which will rise from the ashes of the two old boroughs.

In spite of the clamoring chorus of "No Wedding Bells for Us," the New Haven voters registered themselves as emphatically in favor of consolidation, the vote being nearly two to one in favor of Consolidation and 131 against it. This contest eclipsed all the rest but when the smoke of battle cleared away a Democratic Burgess, Tax Collector and Councilman had been elected.

Early in the day the opposition to Consolidation began fading away until by nightfall there were reports that the movement had carried on the West Side three to one. This was an extravagant claim, however, although the final outcome was a pleasant surprise to those who sincerely wished the Consolidation to take place.

In the afternoon Cooper Patterson, one of the few hard workers against Consolidation, admitted defeat and practically gave up the fight. Jacob Johnson refused to withdraw his opposition, but his influence in New Haven has waned so greatly of late that his attitude was of little or no help to the opposition. Dr. G. W. Gallagher, John Dugan, W. H. Thomas and a dozen or more prominent and Democratic citizens worked hard at the polls from early morning until late at night, having the satisfaction of fighting a winning battle.

Justice of the Peace P. M. Buttermore was elected Burgess of New Haven over M. C. Metzger, the vote being 182 to 172. Eleven voters were cast for S. S. Myers, Prohibitionist. This will be an empty honor, however, although the New Haven executive will serve three years in Town Council as a member at large. Theodore F. White, Republican, was defeated for Tax Collector by Charles M. Miller, Democrat, the vote being 181 to 165.

Hotel Changes Hands.
George G. Gans of Uniontown has purchased the Central Hotel property of Dunbar from George A. McCormick for \$50,000. Mr. McCormick bought it from D. C. Polz shortly after the fall for the same consideration. The sale is made subject to a lease which is held by Frank McFarland and which will not expire for several years, but if Mr. Gans can make satisfactory arrangements with Mr. McFarland, he will operate it himself.

The Borough Sollicitors expect to have the certified vote on its way to Harrisburg tomorrow or not later than Friday morning, and it is not believed that the new charter will be long delayed. It is fully expected that the charter will arrive before the first Monday in March, the date for the reorganization of Town Council and when the newly elected officers assume their duties.

There will be 16 members in the Greater Connellsville Council, eight from each town. There will be seven Republicans and nine Democrats.

The apportionment of members to the various wards will be unequal next year and every year thereafter until the new five-year members' terms expire. When the matter is finally adjusted, there will be three members from each ward, a 21 in all.

In Connellsville the First, Second and Third Wards will have two members each, the Fourth one, and the Fifth one. In New Haven the Sixth will have two members and the Seventh three. Next year there will be one Councilman to elect in the First, in order to make the apportionment equitable; three in the Second one in the Third three in the Fourth three in the Fifth, none in the Sixth and none in the Seventh.

This will bring New Haven down to her proper apportionment of three members to each ward, and at the same time increase Connellsville's share as provided by law. When these matters are adjusted, of the 21 Councilmen there will be 15 from Connellsville and six from New Haven.

The School Boards of the two towns will not consolidate until the organization in June as it would be impracticable to disarrange the present system in the middle of a school term. However, when the Board meets to organize the first Monday in June, six School Directors in New Haven will come to Connellsville and participate in the organization. There will be three physicians and one minister on the Board. Dr. T. H. White, G. W. Gallagher and E. B. Lide being the physicians. Rev. A. J. Ashe is the minister. In the reorganization next year there will be three School Directors from each ward, the First will elect two; the Second two, the Third two, the Fourth two, the Fifth none and the Seventh two. Seventh Ward—C. M. Stover, R., 1912; John E. Hecox, R., 1912; P. M. Buttermore, D., 1912.

Jesse Herbert, Prohibitionist, received eleven votes. Two Republicans were elected to the School Board, Dr. E. B. Lide and Dr. G. W. Gallagher being successful over R. K. Long, Democrat, and seven Prohibition votes, and Martin 22 Prohibition ballots. Carl Smith, Republican, and Edgar Smith, Republican and Prohibitionist, were elected Auditors over Roy O. Rhodes, Harry Crossland and Holland Piersol, all Democrats, save Piersol, who ran with the Water Wagon.

Burgess George A. Markle was defeated for Town Council, John T. Holzel, Republican, receiving 199 and Matthew Crowley, Democrat, 165 votes. Markle ran 168 while Thomas Hazen was given 63 Democrat and nine Prohibition votes. Henry Rhodes received 29 Prohibition votes.

Jacob Morgan was elected Judge of Election over E. J. White, Democrat, and Joseph Cochran, Prohibitionist. R. S. Brasher, Republican, and P. M. Buttermore, Democrat, are in the inspectors.

DATA ON NEW CONDITIONS.

There Will Eventually Be Three Councilmen and School Directors From Each of the Seven Wards. New Haven Has Eight in Council First Year.

Greater Connellsville will become an assured fact within the next week or two if the plans are carried out without delay. Already the Borough Sollicitors of Connellsville and New Haven are having the vote certified by the various election boards and once this is done the Burgess and Clerks of each borough will attest the vote. The papers will then be sent to the Governor and a letter of patent for the new consolidated borough will be issued.

The Borough Sollicitors expect to have the certified vote on its way to Harrisburg tomorrow or not later than Friday morning, and it is not believed that the new charter will be long delayed. It is fully expected that the charter will arrive before the first Monday in March, the date for the reorganization of Town Council and when the newly elected officers assume their duties.

For the first year under the Consolidation, New Haven will have its full

representation of three members to each ward, while Connellsville will not. The School Board will be overwhelming Republican.

Snydertown has not yet been admitted to the Borough and the plot will not be filed until after the charter for the greater city has been received. It will then become a portion of the new Fourth Ward. The new ward lines are as follows:
FIRST WARD:—Same as present boundaries except that the northern boundary is moved from the Pennsylvania railroad to Apple street.
SECOND WARD:—Same as at present except as affected by change in First Ward.
THIRD WARD:—North of Apple and Snyder streets; east of Pittsburgh street.
FOURTH WARD:—East of Pittsburgh street; south of Apple and Snyder streets, and north of Baldwin avenue.
FIFTH WARD:—South of Baldwin avenue, east of Pittsburgh street.
SIXTH WARD:—West of Youghiogheny river; north of Main street.
SEVENTH WARD:—West of Youghiogheny river, south of Main street.
A special meeting of Town Council will be held tomorrow evening at 8 o'clock, at which time the election returns on the Consolidation question will be received and certified. New Haven's Town Council will also hold a special meeting tomorrow evening for the same purpose.

Consolidation and a Republican Burgess?

That is the outcome of yesterday's election in Connellsville which resulted in an almost unanimous verdict in favor of consolidating with New Haven and gave to J. Lewis Evans the honor of being the first Burgess of Greater Connellsville. Evans had 122 votes over his Democratic opponent, James W. Buttermore, who failed to carry any ward save the "Bloody Third."

The vote was light, remarkably so when the numerous contests are considered. While it was not expected that the First Ward would poll anything like its normal vote, the Second, Third and Fourth also fell far below the mark. In the Fourth Ward this falling off was most noticeable as only a little more than 500 votes were cast while the full voting strength of this precinct is something over 900.

While Evans was elected Burgess, the Republicans failed to elect either of the three Councilmen who were chosen, and broke even on School Director. But the Second Ward Councilmanic fight, which resulted in the election of Thomas J. Brennan over James C. Munson by a handsome margin, is regarded as a victory for the opponents to the Democratic ring as Mr. Munson was suspected of having entangling alliances with the old organization.

The reform element also won a substantial victory in the School Board, Dr. T. H. White winning over John A. Givley in the Second Ward and Bert J. Thomas, a Democrat, winning over S. M. Goodman by 37 votes, after whipping, single-headed, opposition from within his own ranks. The victory of Thomas in the Fourth Ward is one of the remarkable features of the election.

The election of J. L. Evans as Burgess was no surprise. The pendulum of public sentiment swung gradually into his favor some days ago but this became all the more evident when election day dawned. Probably no campaign was more managed than Buttermore's. The Democratic nominees placed all confidence in the ward workers of the party who, for the most part, had fights of their own on. As far as could be learned Buttermore did not have a single prominent Democratic worker on his staff.

The best showing made by the Democratic candidate was in the First Ward, where the Republican majority was cut down to 55, unusually small for this precinct. The Second Ward, which gave Evans nearly 100 votes to spare, elected a Democratic Councilman by a good margin. Brennan received nearly a hundred votes over Buttermore.

The Third Ward furnished the surprise for the Democratic organization had the fight of its life on hand. And the Republican "Council aspirants" made a good run which nearly resulted in disaster for Clair Stillwagon and William McCormick. The retirement of the ward workers against the tactics of the old organization not only reduced their pluralities to almost nothing but cut Buttermore's majority to 47.

In the Fourth Ward, which Buttermore fully expected to carry, Evans came out 18 votes ahead. The workers in whom Buttermore placed his faith in this Ward were lined up so strong for Bert J. Thomas in the School Director fight that they took no chances and the Burgess candidate

J. LEWIS EVANS.

"About the only thing that I can say today, is that I appreciate my election. I wanted to be Burgess of Greater Connellsville, worked as hard as I knew how, and to say that I do not feel pleased with the honor conferred upon me, would be telling an untruth. But I want to say this, that I am appreciative of the assistance given me by my friends. No one can appreciate as much as I can, what good work they did for me and how thoroughly they worked for me. To James W. Buttermore and his friends, who opposed me I have no ill feeling at all. He is every inch a man, a good fighter, and I am sure that the battle was fairly contested between us. It is too bad that all cannot be winners, and I realized early that all could not be winners, and while I have been successful, certainly I feel that Jim Buttermore is just as good a loser as I would have tried to be. To the general public, of every nationality and of every political faith I want to say that I shall endeavor to treat all fairly, honestly and with the greatest consideration. I made no election promises except that the people should have a clean and fair administration and I stand today for the same promise to the people."

JAMES W. BUTTERMORE.

"In a fair campaign I was defeated for the office of Burgess of Greater Connellsville." Candidate Buttermore early last night thus admitted his defeat, but he was the same buoyant fellow that characterized his entire campaign. "Of course," said Mr. Buttermore, "there were many things in this campaign that does not enter into many of them. There was the consolidation idea and also the fact that I had the opposition in many quarters that came from split tickets. I don't feel like making recriminations against anyone, because I realize the work that was brought into play everywhere. I'm just as happy today as I ever was, not that I didn't want the office, but from the fact that I never lost sight of the fact that it was possible to lose out from the first. I have no ill feeling against anyone because all is fair in love and politics. Low Evans will make a good Burgess, in my opinion, and if I miss my guess I will be greatly surprised." Happy Jim Buttermore didn't lose any time, or tears over his defeat. He was up early this morning and went to his coke plant.

To Clean Kitchen Utensils.

Cleaning pots and kettles is usually considered the most disagreeable piece of drudgery in the household, but there is a way out of this, as an easy way to do it, if one knows how. As soon as the food is removed from such utensils, pour in some water and a small quantity of solution made by dissolving a tablespoonful of Gold Dust washing powder in a gallon of water. Leave to soak while washing the dishes, then pour off the water and fill with clean, suds made in the same way. If particles of food still adhere to the inside of the utensils, use pot rings for removing them.

Prof. A. P. Anderson formerly of Columbia University, invented this method of breaking up starch.

He puts the grain into marmoth steel guns, and seals them.

Then he revolves those guns for 60 minutes, in ovens heated to 550 degrees.

The moisture in the grain turns to steam, under terrific pressure. Then he fires the gun.

Instantly the millions of starch granules are exploded into numberless particles, so the digestive juices can get to them.

The kernel of grain multiplies eight times in size. But the coat is unbroken—the shape is unaltered.

Nothing in cereals is half so delightful—nothing so digestible. You are missing something good. Get it from your grocer today.

Answer This Question

When thousands of women say they have been cured of their ailments by a certain remedy, does this not prove the merit of that remedy?

Thousands of women have written the story of their suffering and have told how they were freed from it by Lydia E. Pinkham's Vegetable Compound—for thirty years these reports have been published all over America.

Without great merit this medicine could never have gained the largest sale of any remedy for woman's ills—never could have become known and prized in nearly every country in the world.

Can any woman let prejudice stand between her and that which will restore her health? If you believe those who have tried it you know this medicine *does* cure.

Read this letter: from a grateful woman, then make up your mind to give Mrs. Pinkham's medicine a chance to cure you.

Brooklyn, N. Y.—“I am a firm believer in Lydia E. Pinkham's Vegetable Compound. I was a great sufferer from organic female troubles for years, and most distressed of ever being well again. I had bearing-down pains, backache, headache and pains in my abdomen, and tried Mrs. Pinkham's Compound as a last resort. The result was astonishing, and I have used it and advocated it ever since. It is a great boon to expectant mothers. I have often said that I should like to have its merits thrown on the sky with a search-light so that women would read and be convinced that there is a remedy for their sufferings.

“My husband joins me in its praise. He has used it for kidney trouble and been entirely cured.”—Mrs. E. A. Bishop, 1915 Atlantic Ave., Brooklyn, N. Y.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

KNOX QUESTION OUT OF THE WAY.

President-Elect Is Satisfied
With Action of
Congress.

PENNSYLVANIA SHARES VIEWS

Now Definitely Settled That Knox
Will Be Head of Taft Cabinet—Any
Action to Contest the Matter in
Court Would Soon Terminate.

Washington, Feb. 17.—In the opinion of President-elect Taft Philander C. Knox is now legally eligible to receive the appointment of secretary of state. That he will be the premier in the Taft cabinet was again positively stated by Mr. Taft at the White House, the statement being made after two conferences between the president-elect and Mr. Knox.

Mr. Taft went further and gave it as his opinion that no court could entertain an action based on the constitutionality of Mr. Knox's coming appointment, for the reason that such a proceeding would be whether Mr. Knox was a "de facto" official of the government. This question, he maintained, would have to be answered in the affirmative, and there the proceeding would end.

That Mr. Knox shares these views was made evident by Mr. Taft in the unequivocal declaration that the Pennsylvania senator was to be his secretary of state.

With this question finally settled, with the unanimous report of the board of engineers endorsing the present procedure in constructing the Panama canal in the hands of President Roosevelt, to be transmitted to congress today with a message of endorsement by him, and with a demonstration of cordiality toward himself by President Roosevelt, Mr. Taft concluded a very busy day and declared he was going to bed early. He saw many people at the Boardman residence, where he and Mrs. Taft are guests, but stated that the calls were all of minor importance.

MAGEE CHOSEN MAYOR

Defeats Reform Candidate in Fifth
burg by 33,000 Plurality.

Pittsburg, Feb. 17.—Greater Pittsburg, by a decisive vote, elected William A. Magee to fill the office of mayor for three years beginning the first Monday in April next, at which time George W. Guthrie will retire from the position. Mr. Magee is the first mayor in whose election all the citizens of Greater Pittsburg have had a voice.

Mr. Magee's majority will be fully 30,000 and may run to 33,000. He will have a plurality of at least 33,000 over William H. Stevenson, the Civic party nominee.

The total vote fell considerably below the figures of all the political leaders. It will hardly reach 60,000 of the total registered vote of 84,417. Estimates based on returns from 250 districts give Mr. Magee a total vote of about 60,000, Mr. Stevenson about 18,000 and George R. Hest, the Democratic nominee, 2,500.

There was great disappointment in the Democratic vote. The normal vote of the party in Greater Pittsburg is about 15,000. Only about one-sixth of it was placed in the Democratic column. The interest in the contest between Magee and Stevenson attracted the Democrats away from their own party.

RESULT IN PHILADELPHIA

Regular Republican Organization Wins
Sweeping Victory.

Philadelphia, Feb. 17.—The regular Republican organization won a decisive victory at the polls. With hardly an exception its candidates for councils were elected over in former independent wards.

A feature of the election was the success of George Hogg, a regular Republican and organization follower, as minority magistrate on the Philadelphia ticket.

ADMITS PAYING BRIBE.

Testifies to Giving Pittsburgh Councilman \$17,500.

Pittsburg, Feb. 17.—A. A. Villack, former cashier of the German National bank of Pittsburgh, under oath asserted that Councilman John F. Klein had been paid \$17,500 for his influence in securing the selection of that institution as one of the six city depositories.

Villack's statement was supported in practically every detail by the story of Harrison Nesbit, a national bank examiner. Nesbit said Cashier Ramsey had admitted to him that \$17,500 had been paid to Klein to secure the selection of the German National as one of the city depositories.

The bank examiner said that Ramsey, in explanation of the transaction, had said:

"Councils have been paid by the banks in this way for the last twenty-five years and probably will have to be paid in the same manner for the next twenty-five years. I know that it is not right; I do not approve of it—but it is custom."

Ramsey was placed on trial before Judge Frazer and a jury on the charge of bribery for the reason already stated.

This is the first trial in connection with the sweeping crusade inaugurated several months ago by the Voters' league against councilmen who are suspected of grafting.

WON'T CONFER WITH MINERS

Operators Ready to Offer Only the Present Scale.

Wilkesbarre, Pa., Feb. 17.—Word was received here that President T. L. Lewis of the United Mineworkers of America will arrive next week to open negotiations with the coal operators regarding the demands for recognition of the union, an eight-hour day with out decrease of wages and several other concessions.

It is understood that he will strive to have the operators agree to meet the mineworkers in a joint convention for a discussion of demands and conditions. Local mining officials say that the operators will not agree to this, but will offer to renew the present agreement for three more years.

180 MINERS IMPRISONED.

Behind Barrier of Fire in English Mine By an Explosion.

New Castle, England, Feb. 17.—A terrible disaster has occurred at West Stanley, a small mining town twelve miles distant, in which it is feared, 180 lives have been lost. There were two explosions in the West Stanley colliery, which employs 400 men. Nearly 200 of the men were in the pit at the time and none of them has come to the surface, although rumblings have been heard, and it is supposed that these are from some of the miners who escaped death from the explosion and the fire which followed it.

Almost immediately after the explosion flames burst through the shaft, scorching the workers at the pit entrance and blowing out the fence and apparatus at the entrance. The flames spread rapidly and it was impossible for the rescuing party to descend into the workings. Thousands of anxious persons gathered at the mouth of the pit, but for hours the fire burned furiously. At midnight it was still impossible to attempt a rescue and it will be many hours before the entrance is cleared.

DEMAND LOWER RATES

Coal Shippers of Western Pennsylvania and Ohio Make Kick.

New York, Feb. 17.—Traffic managers of a number of leading railway lines met here to consider the grievances of the soft coal operators in Western Pennsylvania and Ohio, who charge the transportation companies with discrimination in freight carrying charges, alleging that more favorable rates are granted to West Virginia producers. These inequalities, the coal men claim, have played havoc with their business and they have made a demand for an all-around reduction, declaring that if this is not granted they will present their case to the Interstate commerce commission.

The traffic managers did not reach any definite conclusion, but will report to their executives for final action.

STABBED 28 TIMES

Child of Eight Years Brutally Murdered at Marseilles.

Marseilles, France, Feb. 17.—The discovery of a revolting crime, recalling in details a case which occurred in Paris in 1897, has caused a sensation here. The body of an eight-year-old girl, torn by twenty-eight knife wounds and further mutilated by burns, was found in a popular quarter of the city.

The child had been ill treated before being killed. A man who had been living with the girl's mother, who is a widow, has been arrested.

MARCH 15 THE DATE

Aldrich and Cannon Decide Extra Session Question.

Washington, Feb. 17.—The date for the calling of the special session of congress to revise the tariff will be fixed definitely at a conference today between Senator Aldrich and Speaker Cannon. These leaders were requested by President-elect Taft to decide this question.

Mr. Aldrich saw Mr. Cannon for a few moments and it was practically agreed that they would recommend that the extra session should begin not later than March 15.

BRONCHITIS VICTIM

Little Daughter of Mrs. Hastings of Fitchburg suffered for Years. Could not Attend School Winters.

COMPLETELY CURED BY VINOL

"For many years my little daughter suffered from bronchitis. Every winter she was out of school more than she was in, until at last I had to take her out of school entirely. We had one of the best doctors in the city, and while he would bring her out of the acute attacks all right, they kept recurring. At last she got so very bad that it did not seem as though she could stand any more. Knowing that Vinol had cured my little nephew of congestion of the lungs I decided to try it for my daughter. I did so and could soon see a great difference. She took four bottles in all and it has completely cured her. That was a year ago and she has not had an attack of bronchitis since and seems strong and well." Mrs. J. E. Hastings, Fitchburg, Mass.

The reason Vinol is so successful in such cases is because it contains tincture of iron together with all of the healing, medicinal and body-building elements of cod liver oil actually taken from fresh cod livers—but no oil to upset the stomach and retard its work. It does not taste of oil and children love it.

If Vinol fails to benefit any case for which it is recommended we will refund every cent paid for it. That's your guarantee. We know it will do you good. Graham & Co., Druggists, Connellsville, Pa.

MOUNTED PATROL FOR SCOTSDALE.

Thieving Industry Becomes
So Large Officers Will
Be Ready.

A CURIO IN THE BIG CAGE

The Prize Black Man Is Captured.
Boarder Becomes Peevish When
Landlady Refuses To Be Killed
and Threatens to Burn House.

SCOTSDALE, Feb. 16.—The thieving industry has become so large in its magnitude, and the chickens taken so many that preachers will grow thin if this thing keeps up. In consequence of the chase that Chief of Police Frank McClellan had when he tore the back of a buggy Sunday night, when frowns got away laden with four chickens that they throw out near the Scottdale Cemetery, hereafter the police will have a horse ready, they say, to chase such wholesale thieves. Fourty-four chickens were stolen from John Krieger's butcher shop not many nights ago, and that is some chickens if any one would ask you. And, it don't stop there for the vandals have even begun to steal chickens from colored people. Did you ever hear the like? Up in Pine Tree in the outhouse of John Ruth's unoccupied dwelling over five bushels of feathers were discovered on Monday. The thieves seem to have that for a clearing house.

The Prize White Black Man.
The Borough lockup contained the prize curio of the season in the person of the blackest human being ever seen in a state of captivity here. He was captured by Burgess Ferguson without a chase or the loss of any lives. When the Burgess met him on the street, the individual who gave forth an unintelligible name, and looked like a white man, disguised as a negro. The Burgess asked him what his business was, and the fellow immediately became snappy. The Burgess promptly took hold upon him and marched him to the coop. The individual wore whiskers that were like a million corkscrews, and was apparently gleamed with blackstrap, so far as his skin could be seen. He said that he came from the east, and was discovered that he has been representing the third ward for several days keeping out of sight of the police, and begging. The Burgess

gave him a beating last night, and at the close, after the fellow had recounted a marvelous tale, asked Tax Collector S. B. McMillan what Rockefeller's fine was and being answered "twenty-nine million dollars of thereabout," said "My man, I will distinguish you as greater than Rockefeller. I will fine you thirty million dollars—and if you don't pay it by morning you will have to leave town and never come back." The luckless wight was dumbfounded. "I can't pay the fine, Judge. I've only got about a quarter." "Then you will have to leave town," said the Burgess remorselessly. The fellow was given the top berth in the front section of the all night Pullman in the lockup, and was invited to leave town this morning.

He Would Burn and Kill.
Another lighting up of the dull recesses of the Borough lockup was compassed yesterday, when Antonio Warrano, a son of Sunny Italy, was brought in by Constable L. P. Crossland of Connellsville township. Warrano apparently became enraged with the heat last night. He boarded at Mrs. Antonette Ringgold's, who lives in the house formerly owned by August Hickey in East Scottdale. Yesterday morning the boarder who had been there but about a week, threatened to kill the landlady. Upon being told that this pleasant custom, while frequently practiced, is not sanctioned as one of the liberties of this very free country, he became peevish and set fire to his bed. The bed was saved from the flames, and then Warrano proposed to fire the house. This was going too far with his ideas of amusement and quiet. John C. Brownfield was appealed to. Then the Constable arrived on the scene and the fiery boarder, with appropriate charges against him, was brought to the Borough lockup. He was possessed of a mouth organ, about the size of a gas range, and probably presented him by that national donor of organs, and this he began to play. He belted on it so that the rest of the prisoners thought the world had come to an end, and Gabriel's trumpet was sounding. At noon he was taken to jail at Uniontown. The jail physician examined him and certified that the kid was a fit candidate to be promoted to Dixmont.

Boys Got In Wrong.
William Gillespie, Smith Cunningham, William Vashbinder and Major David Holbey, all young lads about the nickle novel age, were captured by the police and constables charged with breaking and entering, larceny and receiving stolen goods, charges growing out of the robbery of Homer Boyd's store in East Scottdale some nights ago. They were picked up by Chief McClellan and Constable Crossland, and were given a hearing last night before Justice Brownfield.

He held all but Vashbinder in the sum of \$300 each, which was furnished, for a trial at Uniontown. All the lads are of an adventuresome disposition and some of them have tried running away from home and seeing the world after dark.

ONE OUT OF TEN.

That's The Proportion of People Who Have Bank Accounts.
In speaking of banking matters, the other day, Cashier E. T. Norton, of the First National bank, said: "Only about one man in ten who needs a bank account actually has one. There are many farmers, bookkeepers, clerks and mechanics who receive and disburse from \$500 to \$1,500 annually without the aid of a bank. Many of them are aware how much safer, more economical and convenient it would be to have a checking account with a good bank, but they have the misapprehension that they must have a large sum to begin with. Now, of course, I can only speak for the First National. We would be glad to have these men open accounts, no matter how small. It would be better for them and better for Connellsville. Every dollar that finds its way to a good bank benefits not only the depositor, but the entire community in which the bank is located."
